

What to include with your first case.

Success with Zirlux Acetal.

Send your removable partial case to CMC and include the following.

What's Required:

- 1** When sending a model for design, please provide framework design by drawing on the model, indicating where the clasps and acrylic mesh need to be.
- 2** If you are submitting a scan STL file for design, scan the file and provide a "texture" scan of the model with the design.
Important: The scanner must pick up the design

Zirlux Acetal White Frame
